By Gretchen Ratcliff Sawyer

(Juno Meets - Ice Cube's Friday - Meets Napoleon Dynamite)

ANDREA TOOTIE SHINING is a fashion savvy African American 18yr old high school senior with a garage-based talk show in South Central LA, an impressive social-media following of multicultural teens and t-weens, a job at **STARBUCKS**, and an anxiety problem she manages with Xanax. An internet-influencer to be reckoned with, Andrea dreams of using her show to become the youngest, syndicated talk show host in TV history but one complication after another block her dream. With the help of her college-bound homegirls Stacey, Brittney and Twyla-Twyla-Twyla, **they must outsmart** a plethora of obstacles that include her gangbanger-ish brother **JEFFREY aka DRAGON** and his goons **J-BONE** and **BEAST**, a talking coyote, and a host of odd and curious neighbors, for Tootie to get her one-shot at stardom.
